Draft Comprehensive Plan Review

Shawn Cheever addressed the Planning Committee with an overview of the Comprehensive Plan. Rachel Petterson talked about a few highlights to the plan and explained some grant and funding opportunities and ideas for the river front upgrade if the City is interested in that project.

James Willbanks voiced his concerns with road that are not paved and downtown parking. Mr Willbanks also thought that future planning should include adding more land to the growing school district for land use. The planning and zoning committee agreed with Mr Willbanks. Rachel is going to change the current map for the area to include more land use for the School District.
